

Environmental Justice Initiative

“Everyone deserves a healthy and safe place to live.”

Rae Oliver Davis, Inspector General,
U.S. Department of Housing and Urban Development

Public housing agencies are critical partners for the U.S. Department of Housing and Urban Development in administering housing assistance at the local level and ensuring that HUD housing is safe and hazard-free.

As HUD works with PHAs on strategies to preserve affordable housing and address rehabilitation and physical needs of properties, HUD’s Office of Inspector General is focused on ensuring that HUD tenants have quality housing to live in.

HUD OIG has dedicated resources to investigate allegations that HUD housing providers are not fulfilling their responsibilities to ensure their properties are safe for tenants to live in, and to address critical repair needs.

Report allegations of environmental hazards and unsafe unit conditions in HUD housing to the HUD OIG Hotline at 1-800-347-3735 or reporting online at <https://www.hudoig.gov/hotline>.
