

# Environmental Justice Initiative

Public housing agencies are critical partners for the U.S. Department of Housing and Urban Development in administering housing assistance at the local level and ensuring that HUD housing is safe and hazard-free.

As HUD works with PHAs on strategies to preserve affordable housing and address rehabilitation and physical needs of properties, HUD's Office of Inspector General is focused on ensuring that HUD tenants have quality housing to live in.

HUD OIG has dedicated resources to investigate allegations that HUD housing providers are not fulfilling their responsibilities to ensure their properties are safe for tenants to live in, and to address critical repair needs.

Report allegations of environmental hazards and unsafe unit conditions in HUD housing to the HUD  
OIG Hotline at **1-800-347-3735** or reporting  
online at **<https://www.hudoig.gov/hotline>**.

Learn more about HUD OIG and subscribe to our  
mailing list to receive updates about our upcoming,  
ongoing, and recently published oversight work.
